

# Forthcoming Summer Events

## Zoolab

We are really excited about welcoming Zoolab to school on 17<sup>th</sup> and 18<sup>th</sup> June. Zoolab bring into school small creatures and insects for the children to touch and find out all about them!

## Robotics Event

On 9<sup>th</sup> July we will be welcoming the Hi-Impact Team for a session on Robotics with the children. They will present a workshop with small groups of children and have several small robots for the children to observe.

***As both these exciting events are extra-curricular activities we are asking all parents to kindly donate £6.00 each, in total for both events. School will pay the remainder of these charges. This item is available to purchase on Iris Parentmail app/3 lines at the top/payments/shop at the bottom of the page.***

***Thank you for your continued support.***

## Whitsuntide Holiday

School closes after school on Friday, 23<sup>rd</sup> May and re-opens on Monday, 9<sup>th</sup> June.

## Plant Path Week

During the week of 16<sup>th</sup> June, we ask parents to bring to school a potted outdoor plant which we will use to line the path into nursery. During our group times in school, the children will visit the plants on the pathway to observe and create some lovely art work.

Following this event, the plants will be transferred to the nursery gardens.

## Summer Parade (3-4-year olds only)

**Wednesday, 23<sup>rd</sup> July 8.45 am – 9.15 am**

We ask parents to line our rear nursery garden cycle track and see the children's parade. This is a final event for this academic year and time to celebrate the children's achievements.

**We do hope you will enjoy our Summertime events! Thank you for your continued support.**

Kind regards
