

2<sup>nd</sup> October 2025

Dear Parents / Carers

Many of you will have heard about the incident that has happened at a synagogue in Manchester this morning. Our thoughts are with all those affected.

At this stage, there is no indication of any wider risk to the public. Please be assured that we are in touch with relevant authorities and we have had no information to suggest schools are affected.

The school day is carrying on as usual and our normal arrangements for collecting children at the end of the day will be in place.

If your family is concerned or feels vulnerable following today's incident, please let the school know. We are here to support you.

Yours sincerely,

Katherine Muncaster  
Executive Headteacher
