24th April 2026

Dear Parents and Carers,

We are writing to invite you to an information meeting regarding the potential federation of our two schools.

A federation is a formal partnership between two or more schools that work together under a shared governance structure. This typically involves a single governing body overseeing multiple schools, while each school retains its individual identity, values, and day-to-day operations. Federations are designed to strengthen collaboration, share expertise and resources, and enhance educational outcomes for all pupils.

At this stage, no decisions have been made. The purpose of this meeting is to provide you with clear information about what a federation could mean for our schools, to outline potential benefits and considerations, and to give you the opportunity to ask questions and share your views.
