

What have we been up to this week?

24th November 2017

Dear Parents/Carers

We have had another exciting and busy week in the nursery.

This week lots of the children have loved having the water shed open in our nursery garden. We have enjoyed using the drain pipes and guttering at different angles and tested how far the water will go. We have also enjoyed watering the plants using our watering cans and discussed what plants need to stay alive and loved jumping in the puddles!

In our groups this week we have been singing lots of number songs and been using language related to subtraction, by finding 1 less each time. We have also begun to practice our Christmas songs for our Christmas concert. We have continued with our phase 1 phonics and are getting really good at hearing rhyme.

For our WOW! moments this week we are especially interested in finding out about your experiences of water toys. Just a reminder that if you would like to share this with us you can either post it onto Tapestry or collect WOW! moment sheets from the entrance.

Thank you for your continued support.

Freshfield Nursery School team
