

Identified planned spending for EYPP funding – 2022-2023

Term	Number of eligible children	EYPP funding received
Summer 2022	8	£763.20
Autumn 2022	4	£504.00
Autumn 22	Rate increase back payment	£100.80
Spring 23	9	£809.10
Total		£2,075.30

Support foci identified from baseline assessments	Desired impact of spending <i>(linked to - Development matters/Involvement and well-being scales/characteristics of effective learning)</i>
Language development	Accelerated progress in communication and language
Listening and attention	Listening and attention skills are improved and more in line with non EYPP children
Increased challenge for all children	Accelerated progress in all areas of learning, with outcomes remaining in line with non EYPP children
Well-being and emotional resilience/development of emotional literacy/Emotional Literacy Support Assistant (ELSA)	Increased levels of well-being and confidence to take risks and 'have a go'. Children have an increased understanding of their emotional needs and are more able to express these.

How our funding has or will be used	Cost to school
Small group support – Nurture group	£200 (contribution to TA salary) Resources for children where necessary
2 staff with ELSA training	£400 (contribution to group leader salary) ELSA starter pack purchased
1 dedicated staff members to support language development	£200 (contribution to group leader salary)
Additional hours where occasionally required	£6.50 per hour
Extended care is paid for where required	£26 per session (per child)
Breakfast club/After school club is paid for where required	£4.25/£6.50 per session

Please note that EYPP funding spend is reviewed regularly to ensure the best possible support for our children.
